

How to Modify an Order on MT4

1. To modify an order, select the **Trade** tab in the **Terminal** window. Next **Right Click** on the trade you wish to modify and select **Modify or Delete Order**.

2. In the **Market Order** are make the changes you want to the order.

The **Copy As** buttons can be clicked to populate the stop loss and take profit fields with the current market price adjusted by number of points indicated in the field title "Level".

You can also change the desired **Stop Loss** and **Take Profit** levels by typing it into the fields titled "Stop Loss" and "Take Profit".

Once valid levels are specified, the trade can be entered by clicking on **Modify** (the long, horizontal bar at the bottom of the screen).
