

How to Open a Pending Order on MT4

1. To open a Pending order click on **Tools** then select **New Order**.

2. You will need to select the **Symbol** you wish to trade, the **Volume** in terms of lot size. 1.0 is equal to 1 lot, or 100,000 units. Under **Type** select **Pending Order**. Under a **Pending Order Type** select one of:

- Buy Stop - an order to open a Buy position at a price higher than the price at the moment of placing the order.
- Sell Stop - an order to open a Sell position at a price lower than the price at the moment of placing the order.
- Buy Limit - an order to open a Buy position at a lower price than the price at the moment of placing the order.
- Sell Limit - an order to open a Sell position at a price higher than the price at the moment of placing the order.

Then set the **Price**, and if you wish, an **Expiry** date/time. Click **Place**.
